I'm still trying to nail down some more details, Luis.

Ullrich is a tough man to reach.

Meeting on 28<sup>th</sup> - maybe dinner on 27<sup>th</sup>.

Hello Ullrich:

I just wanted to say hello and I hope all is well with you.

- I. I also want to let you know that I have been considering transitioning into "retirement" from Purdue effective January 1, 2013 - and I made it official last week.

By way of introduction, in terms of Order Monitoring and Mutual Support Activities, Purdue would like your new contact to be Giselle Issa, Director OMS and Records Management (203-588-7483; [Giselle.Issa@pharma.com](mailto:Giselle.Issa@pharma.com)).

I will be providing more information to you by phone as I help to set the stage for Giselle.

I know that the mutual support activities will continue to be strong between Purdue and Cardinal.

- II. Concerning our meeting on 11/28 - the Purdue Team would be comprised of Robin Abrams, VP, Associate General Counsel; Steve Seid, Executive Director, National Accounts; Giselle Issa, Director Order Monitoring System (and Records Management), Luis Bauza, Director of Investigations and myself.

I have some suggestions, if I may. We can fly into Columbus on 11/27 in the afternoon and maybe meet for dinner. Our meeting at your HQ could take place over 2-3 hours on the morning of 11/28. Please let me know how this sounds to you.

We can develop an agenda over the next week or two.

- III. Finally (I apologize for the length) – was your colleague able to research any of the accounts below? We can chat about them when I call with Giselle.

I look forward to speaking with you this week.

I have especially enjoyed my work with Cardinal over the years, and I have cherished our relationship - It was my honor, really.

Best regards,

Jack

Jack, thanks for your time today:

As confirmation, I look forward to seeing you and the committee here on 11/28. Joining me will be Todd Cameron(the VP of Anti-Diversion), Gary Cacciato, (VP regulatory counsel) and Nick Rausch, our Director of Analytics.

As we get closer, we can confirm the time and agenda. Many thanks- Ullrich

Hello Ulrich:

In follow up to our telephone conversation recently, some of our Order Monitoring Committee Members would like to visit you and your team in Dublin – probably 3 or 4 of us, including Steve Seid, Executive Director, National Accounts and myself.

Our dates are **11/7** and maybe **11/28** (I think the only other date is probably too soon - **October 17<sup>th</sup>**).

Please let me know if this is possible.

2-3 hour mutual support meeting, and maybe lunch or dinner.

Best regards,

Jack

Also, if I could close out these outlets below, I would appreciate it very much.

Hello Ullrich:

I'd like to catch up with you and introduce myself. I have been working with Steve Morse for the past 4 or 5 years on mutual support/due diligence/order monitoring issues.

Also, I simply need to close out some old business on the following 6 accounts, if I may.

**I.**

**LEROY PHARMACY III LLC**

159 E. GUNHILL ROAD  
BRONX, NY 10467  
DEA# BL7425982

The pharmacy is located across from Montefiore Medical Center, and the patient population in the store seems appropriate.

It has been reported that many sickle cell anemia patients from a Montefiore clinic, who were filling prescriptions here and in other nearby pharmacies, stopped using OxyContin after the reformulation claiming that it did not work as well for them.

Are you servicing this account?

Is it in good standing?

They are way down in OxyContin, as noted above. Did you cut them back?

---

**II.**

**MAC'S PHARMACY INC**

2419 WASHINGTON PIKE  
KNOXVILLE, TN 37917  
DEA# BM3192767

This was one of those accounts that decreased dramatically when we introduced the new formulation of OxyContin.

It certainly appears that this is a customer in good standing, that you are continuing to service - correct?

Have you visited recently? Did you cut them back?

Knoxville is a "hotspot" and our friends are always hovering.....

---

**III.**

**MEDICAL CENTER PHARMACY**

2116 CHESTNUT STREET  
PHILADELPHIA, PA 19103  
DEA# AS0589436

This was also one of those accounts that decreased dramatically when we introduced the new formulation of OxyContin.

Are you continuing to service? Is the account in good standing?

---

**IV.**

**MERCED MEDICAL PHARMACY**

1515 W. MERCED AVE  
WEST COVINA, CA 917900000  
DEA# FM1554129

This account appears to be closed. Is this account still active? Did it go out of business?

Any past problems and/or reductions in threshold, etc. ?

---

**V.**

**NIPOMO REXALL DRUG**

330 WEST TEFFT STREET  
NIPOMO, CA 93444  
DEA# BN0670592

is this account still active? Did you close the account, or did it go out of business?

Any past problems and/or reductions in threshold, etc. ?

---

**VI**

**OLYMPIA PLAZA PHARMACY – CSOS**

5901 WEST OLYMPIC BLVD, STE103  
LOS ANGELES, CA-900360000  
DEA# FO0284769

I think we discussed this account previously and it was in good standing - you are continuing to service this account.

Apparently it hit our Dilaudid algorithm, although there is no derogatory information in our possession - and there are no concerns. Just double checking.

---

We can chat about these on the phone at your earliest convenience.

One final topic - Purdue – Cardinal Health Meeting. We would still like to come to Dublin for an order monitoring follow-up meeting. Let's discuss some times when we catch up. We had spoken to Michael Mone and Steve Morse about this previously and we have general agreement - but no dates.

Best regards,

Jack
